**“ Opportunity  
everywhere ”**

# Our Strategy

---

“

*I found that there were these incredibly great people at doing certain things, and you couldn't replace one of these people with 50 average people. They could just do stuff that no number of average people could do.*

**Steve Jobs**

”

To be fast to act on market changes, particularly caused by legislation, regulation or supply chain and to provide our customers with a wide range of solutions for business challenges.

Ensure operational effectiveness by the use of IT solutions, key associates, strategic partnerships and quality controlled outsourcing ensuring efficient scalability of our business.

By controlling costs and providing simple, transparent clarity for our team and customers means our success is achieved from the successes of our customers!

# Our Mission

## The ESSENCE of who we are

Entrepreneurial and profit conscious

Scalable and Adaptable

Strive for 'Win-Win' outcomes

Efficient, effective and result driven

Needs of the customer before our own

Confident, proud and ambitious

Enjoy work and achieve work/life balance

## Our Vision

To be a **leading** provider of support **solutions** in regulatory environments and **recognised for excellence** in the industries in which we operate.

We aim to **inspire confidence** and **add value** to our **customers** whilst also **enriching** the lives of our **people** in a **fun** workplace.

## Our Values

Here at Exodus Solutions we aim to provide outstanding customer service and tailored solutions to the many common business challenges.

We take pride in our reputation and service and have the flexibility to enable us to find the most effective solutions for our customers, which sets us apart from any competition.

“

*...going beyond  
the standard*

”

## Public Courses

As leaders in the Management Systems Training Industry, Genesys Training have a wide range of courses to suit your every need. From ISO9001 implementation to IRCA or IEMA Certified courses, Genesys have experts in Quality, Environmental and Health and Safety Management Systems along with a wide range of other subjects and standards.

## In-Company Training & Consultancy

Genesys Training can fully assist you with your complete journey through management systems from buying your first standard and receiving training to achieving UKAS Accredited certification and maintaining your system. Whatever your requirement Genesys Training can offer the right solution for you.

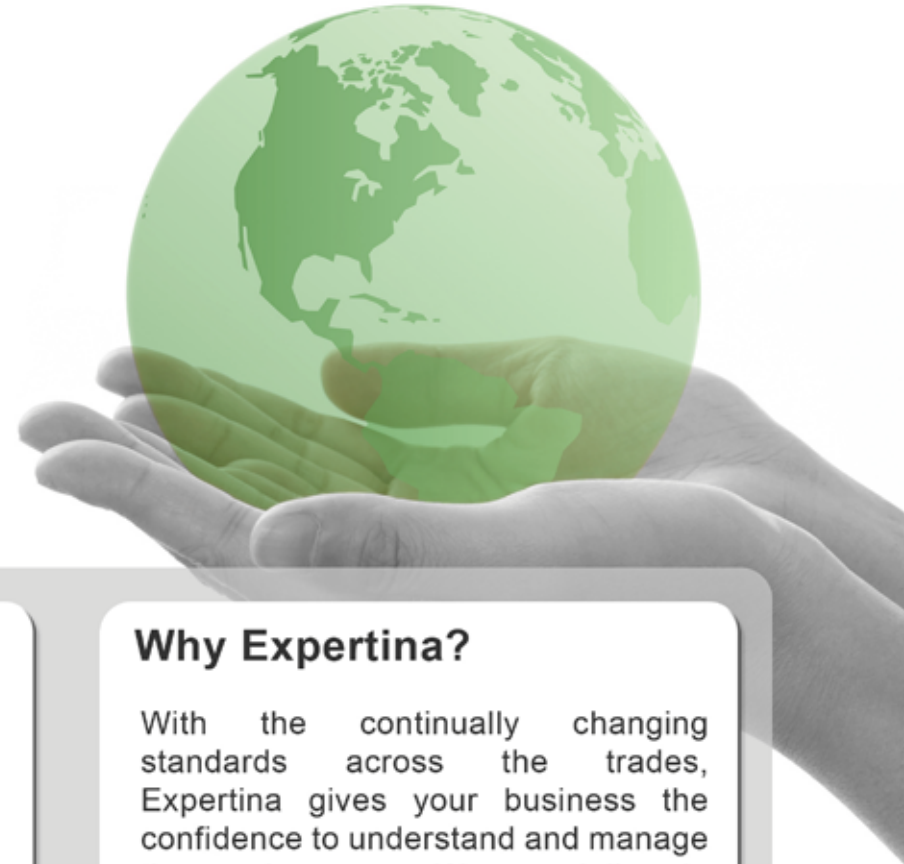

## E-Learning

Genesys has developed a series of E-Learning packages to suit our customer needs. Our training enables you to learn in your own time and at your own convenience. We have a standard range of packages at competitive prices with continuous support, or if you can't see what you are looking for, call our team and ask about our Bespoke E-Learning service.

“

*...when nothing less  
than excellence  
will do*

”

## Technical Consultancy

Expertina can design bespoke Technical Consultancy for your business, with extensive experience in the Gas, Oil, Renewable Technology and Electrical Industries our Consultants can give your business the helping hand it needs to guide your business through the many regulatory or legislative issues and opportunities.

## Our Experience

Expertina can offer your business assistance with a wide range of subjects.

- *BS EN ISO/IEC 17024*
- *EN 45011:1998*
- *EN ISO/IEC 17021:2011*
- *ISO 9001:2008*
- *EN ISO 14001:2004/AC:2009*
- *Microgeneration Certification Scheme*

## Why Expertina?

With the continually changing standards across the trades, Expertina gives your business the confidence to understand and manage those changes. We specialise in working at the cutting edge of revisions, updates and industry demands to give your organisation the confidence to maximise on opportunities that arise.

“

*...assessment  
and inspection  
specialists*

”

## Assessment

Specialists in a wide range of assessments, Aspect People can offer assessment services in Gas, Oil, Electrical and Water and are one of the leading providers for Renewable Technology assessing including Solar Photovoltaic (PV), Solar Thermal Hot Water, Heat Pumps, Biomass, Micro-Hydro and Micro-Wind.

## Inspection

Aspect People offer tailored inspection services for Regulatory Bodies, Trade Associations, Certification Bodies and Assessment Centres. Our expertise in a wide range of fields makes our independent inspection service the first choice for an expert inspection.

Service consistency and up-to-date knowledge of the schemes in which we work is paramount to our success.

## People

Our people are the key, they are industry experts with a vast wealth of experience and knowledge in a wide range of sectors. Aspect People deliver professional, high quality Assessment and Inspection Services.

We pride ourselves in the feedback we receive, exceeding expectations and ensuring customer satisfaction.

“

*...business toolbox  
for the trades*

”

## Contractors

We understand that a busy contractor can often look for support in their business needs. Our services are designed to meet the demands of the modern day business.

We aim to understand the needs of contractors of all trades and of all sizes.

## Support

We offer a range of support services including:

- *Mobile phones*
- *Publications*
- *Websites*
- *Insurance*
- *Accountancy*
- *Sales & Marketing*
- *Products*

See our website for a full list of available services.

## Why us?

We aim to supply the "one stop shop" of business tools for every contractor need.

In these challenging economic times the services we offer gives contractors the support they need to operate, whilst allowing them time to concentrate on the "core function" of their business.
